Huron County CHC Partners with the Village of Wakeman on Red Cap Park Improvements

NORWALK, Ohio – The Creating Healthy Communities (CHC) program at Huron County Public Health is proud to have contributed a few pieces to the revitalization of Red Cap Park, completed by the Village of Wakeman with support of other donors. Huron County CHC funds were used to purchase (2) park benches and (2) bike racks. We are excited to announce the benches and bike racks have been recently installed.

Huron County CHC would like to thank the Village of Wakeman for allowing us to be involved in this project, along with Trisha Summers, who made this project possible. The Village of Wakeman has made wonderful efforts as a partner in furthering CHC's mission of increasing opportunities for physical activity that are accessible to all, and we look forward to continuing to work with them again in the future.

Photos from the revitalization can be seen below.

HCPH would like to invite any individuals, agencies, or organizations interested in getting involved in the work of CHC at the local level to complete an interest form at <https://www.huroncohealth.com/creatinghealthycommunities> or to contact the CHC Coordinator, Kayla Johnson, directly at kjohnson@huroncohealth.com or 567-244-3248.
