Huron County Public Health

Huron County Public Health COVID-19 Weekly Update

November 18, 2022

Report Summary

This report covers Huron County's COVID-19 update for the reporting period of 11/11/2022 – 11/17/2022. The reporting period has recorded a case count of 55 cases, a *decrease* from 63 the previous reporting period. For Huron County, the average age of cases for this reporting period decreased from 60 to 45, with the highest number of cases for this week in the 21-30 and 61-70 age ranges. Six zip codes in Huron County reported cases this week, with the highest infection rate in the Willard area (44890, 44850, 44807) zip codes.

Important Notes About This Report

Case counts included in this report are estimates for the reporting period based on reports generated from the Ohio Department of Health (ODH)'s Ohio Disease Reporting System (ODRS). These data may be impacted by several factors, including but not limited to:

- Lack of reporting individual cases (for example, if a self-administered at-home test kit results positive but individual case information is not reported to HCPH or recorded in the ODRS, this case will not be counted by ODH or included in this report); and
- Reporting delays with the electronic reporting of cases, especially during surge periods.

For continued updates, HCPH reminds residents to continue to use **reputable** sources for information about COVID-19, including www.huroncohealth.com, www.coronavirus.ohio.gov and www.cdc.gov. Statewide COVID-19 case data can be found on the Ohio Department of Health's COVID-19 Dashboard at: https://coronavirus.ohio.gov/wps/portal/gov/covid-19/dashboards.

COVID-19 Case Data continued

U.S. Overview
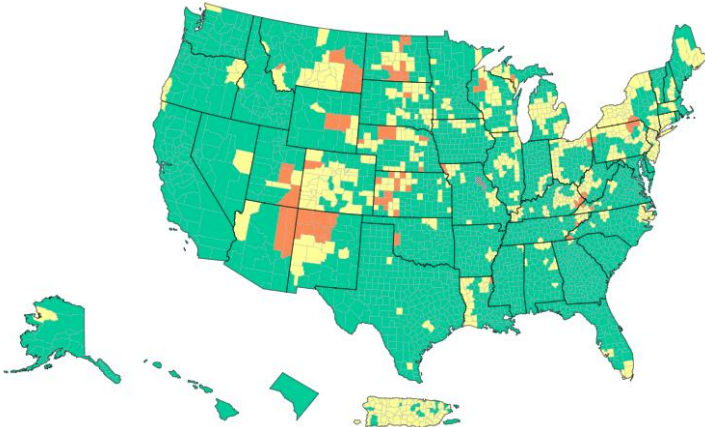

The images below were taken from the CDC's U.S. COVID-19 Community Levels Tracker at: [COVID-19 Integrated County View | CDC](#) . Community levels are determined by summarizing data of the following information: New COVID-19 cases per 100,000 population, new COVID-19 admissions per 100,000 population, and the percentage of inpatient beds occupied by COVID-19 patients. For the current reporting period, Huron County has been categorized as **medium**. In communities with **medium** levels of COVID-19, CDC recommends the following:
- Wear a mask on public transportation, and if you have symptoms, a positive test, or exposure to someone with COVID-19;
- Stay up-to-date with COVID-19 vaccines;
- Get tested if you have symptoms of COVID-19; and
- If you are at high risk for severe illness, consider taking additional precautions.
