Overdose Awareness Day Community Event

NORWALK, Ohio — August 31 is International Overdose Awareness Day, a day dedicated to remembering the lives lost to overdose, supporting individuals and families affected by substance use, reducing the stigma surrounding addiction, and raising awareness about the resources available to help prevent overdose and save lives.

In recognition of Overdose Awareness Day, Huron County Public Health (HCPH), in partnership with Let's Get Real Huron County, will host a free community event on **Monday, August 31, from 5:00 to 7:00 p.m. at Suhr Park, 35 W. Main St. in Norwalk.**

The event will provide an opportunity for community members to come together, learn more about overdose prevention and local resources, and connect with organizations working to support individuals and families impacted by substance use. Community members are encouraged to attend, ask questions, learn about available resources, and show their support for those affected by overdose.
