Huron County CHC partners with North Fairfield's Neighbor-to-Neighbor Food Pantry

NORTH FAIRFIELD, Ohio- The Creating Healthy Communities (CHC) program at Huron County Public Health (HCPH) is excited to announce the new implementation of the SWAP (Supporting Wellness at Pantries) nutrition materials at the North Fairfield Neighbor-to-Neighbor Food Pantry. In addition to the SWAP nutrition materials, Huron County CHC funds were used to purchase four carry-out carts, and two refrigerators to upgrade the pantry.

The SWAP is a nutrition stoplight system that assists food pantries in making healthier choices for their clients.

HCPH would like to thank Jane Antill, who helped to make this project possible, along with the Village of North Fairfield. Jane and the Village of North Fairfield have done an amazing job of making improvements to their local food pantry and aligning their values with CHC's mission to increase healthy eating opportunities in our community.

The Neighbor-to-Neighbor Food Pantry is located at 505 State Route 162 North Fairfield, OH. 44855. It is open to the public as supplies last, the 21st of every month (unless it falls on a Sunday) from 9-11am and 5-6 pm. The public is welcome to donate to the pantry if ever interested in doing so.

Several photos from the Village of North Fairfield Neighbor-to-Neighbor Food Pantry can be seen on the following page.

HCPH would like to invite any individuals, agencies, or organizations interested in getting involved in the work of CHC at the local level to complete an interest form at:

https://www.huroncohealth.com/creatinghealthycommunities or to contact the CHC Coordinator, Sydney Raifsnider, directly at sraifsnider@huroncohealth.com or 567-244-3248.

## GREEN

Choose often; low in saturated fat, sodium and added sugars, supports health

## YELLOW

Choose sometimes: medium levels of saturated fat, sodium or added sugars; can contribute to good health

## RED

Choose rarely, high levels of saturated fat, sodium or added sugars; think of as treats; Limited health benefits
